MEMORANDUM

To: GIS Users of Hamilton County

From: Greg Butler, GIS Manager

Date: December 12, 2005

RE: Costs changes for maps and services

Effective today, December 12, 2005, the costs for maps and services will be increasing. The Hamilton County Commission passed Resolution Number 1205-7 on December 7, 2005. This is a resolution to update Hamilton County Geographic Information Systems (HCGIS) product pricing to offset the cost of providing these services to the citizens of Hamilton County.

The product price list is available for viewing online at gis.hamiltontn.gov. Please contact the GIS office by phone (423-209-7760) or email (gis@mail.hamiltontn.gov) for information on product price changes.
